OSC Gets Athletic Supporter!

Gary McMurtrey is 40 years old and is entering the Ironman competition with his wife Carla (as Ironwoman?). He has already been pledged \$3021 in support of his efforts in the event on June 27th in Coeur d'Alene which will be donated (the money, not the city) to OSC. Go to the CSR website and click on the [Ironman](#) link for info.

The President's Message

Hello Rotarians, I take all is well with you, I couldn't be better myself. You might be asking "why?", well my answer is "Why not?". Welcome back Ed Cooper, Ed is returning from PETS (President Elect Training Seminar). PETS has been described as a place where ordinary Rotarians (not that any of us are ordinary) go to get training and come out as Rambo Rotarians. So look out for Ed, he will definitely be fired up. Congratulations to Laura Pampu on her RYLA victory with her group of kids, great work Laura. Also a big thank you needs to go out to Owen King for all his help with RYLA. Owen was a big wig this year with the RYLA committee, thanks Owen for all your hard work, you made the club proud. Start marking your calendar now for RYLA next year, talk to Owen, Laura, Stan and Don about how much fun they had. I'm saddened to report that Tony and Terrie Mejia had to resign from the Club. It was a tough decision for them and they will definitely be back when things are in order. You will see Tony and Terrie helping out at the Auction. They loved the club but just couldn't make things work right now. If you have a second, give them a

call to say "Hi", I'm sure they would appreciate that. Speaking of saying "Hi", look around to see who isn't here. Take a few minutes to give them a call and see how they're doing.

Keep pumping up the Auction and talking to your business associates about sponsoring something... Anything! Last week's open enrollment at the Beer Club was a lot of fun. If you enjoy a wet one now and then, try to keep the first Tuesday of the month open, details to follow. — John

Today's Program:

Joke of the Week

An engineer dies and goes to hell. Pretty soon, he gets dissatisfied with the level of comfort and starts designing and building improvements. After awhile, they've got air conditioning and flush toilets and escalators and the engineer is a pretty popular guy. One day, God calls Satan up on the telephone and says with a sneer, "So, how's it going down there in hell?" Satan replies, "Hey, things are going great. We've got air conditioning and flush toilets and escalators, and there's no telling what this engineer is going to come up with next." God replies, "What??? You've got an engineer? That's a mistake -- he should never have gotten down there; send him up here." Satan says, "No way." I like having an engineer on the staff, and I'm keeping him." God says, "Send him back up here or I'll sue." Satan laughs uproariously and answers, "Yeah, right, and just where are YOU going to get a lawyer?"

Passion of the Caballeros!

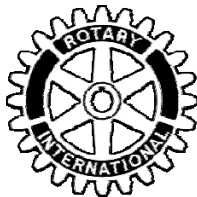

The CSR Caballeros, now grown to four with the addition of Stan Reichert, are seen here delivering a rousing rendition of that evergreen classic, "Home on the Range" as the crowd goes wild with enthusiasm.
