## Fresh Squeeze Reborn!

They all said it couldn't be done again. Life Magazine tried to do it. The Herald Examiner never pulled it off. Print is dead. RIP. Ha! Just kidding! You are now looking a 21st century marvel, born in the forge of a new presidency, raised in the promise of things about to happen. The old Squeeze ran from 2003 thru 2005 when the publisher (photo above) took a break to become president. There were a few editions popped out in '07 and '08 but the presses have been silenced - until now! Though the new Squeeze will now be printed on about a monthly basis, the quality of the news shall attempt to live up to the legend!

## Country Fair a Success!

One year in the making, new theme, design and marketing plan. This was a complete club participation, along with our future club, interact and many volunteers. The Hurst ranch was rocking with music, games, and fun.....we were up in attendance, sponsors, ticket sales, VIP tables,

and live auction sales.....bottom line we made more money allowing us to clothe more kids, add funds to Tex and grow our charity account. Seeing our country fair banner on citrus and ad on the Covina playhouse marquee gleaming at night was enough to run chills up your spine. Great job everyone!! —Robert

# The President's Gems & Jewels

And the new year of my presidency starts here on July 12th! I guess it's about time after 20 years as a Rotarian. I am excited with the opportunity!!

I have so many ideas and plans for this upcoming year it is hard to put it in words!!! I am following a long legacy of incredible past presidents and with Sal ending his year.....big shoes to fill. My goals this year are a little old school - new school!!

We will continue to build on our membership, building our CSR name in the community, and for us to appreciate the Rotary wheel - the opportunity we have to help our fellow man. I am looking forward to building our "R future Club", and the continued relationship with our Interact Club.

I am looking forward to working with every Rotarian and making a difference. Just know the passion will be contagious!!! Cheers to a great year.

Yours in Rotary,

— Robert

## Tasteless Joke of the Month

An old couple is sitting in church one morning, listening to a sermon, when the wife whispers, "I just let out a silent fart. What should I do?" Her husband whispers back, "Well, for starters, you can put a new battery in your hearing aid."

## Out With the Old...

A good time was had by fellow club members that attended our recent "Kick Out" Party for President Sal! The Frat Party themed event was hosted by Shannon & Eddie. The place was jammed with party goers ready to give our pal Sal the boot!

Many wore their colors to support their favorite school or fraternity. Some even sported togas, our fine President included! The food was great, we got to enjoy a mini shrimp boat and sausages from Capri Deli. For those of you who wonder why no veggie tray was served, rumor has it our very own Henry Morgan with his fancy maneuvers ensured that it was dumped, not once but twice on the ground! Some members showed off by drinking from the official Rotary beer bong!

The program of the night included good bye gifts to the outgoing board from President Sal and recognition of the incoming board by President Elect Robert. The "now infamous singers" performed and a great video production (courtesy of Terry Wysocki as producer and Robert Avila as Director) was shown with some highlights of his year as president, along with a commercial spoofing his very own company! A great night celebrating the end of a great year!
